January 10, 1935

ENGINEERING NEWS-RECORD

A WEEKLY JOURNAL OF CIVIL ENGINEERING
AND CONSTRUCTION PRACTICE

Volume 113

July to December, 1934

McGRAW-HILL PUBLISHING COMPANY, INC.
330 W. 42d St.
NEW YORK CITY

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 113—July to December, 1934

	Page
July 5	1 to 32
July 12	33 to 64
July 19	65 to 96
July 26	97 to 128
Aug. 2	129 to 162
Aug. 9	163 to 194
Aug. 16	195 to 226
Aug. 23	227 to 258
Aug. 30	259 to 290
Sept. 6	291 to 322
Sept. 13	323 to 354
Sept. 20	355 to 386
Sept. 27	387 to 418
Oct. 4	419 to 450
Oct. 11	451 to 482
Oct. 18	483 to 514
Oct. 25	515 to 546
Nov. 1	547 to 578
Nov. 8	579 to 610
Nov. 15	611 to 642
Nov. 22	643 to 674
Nov. 29	675 to 714
Dec. 6	715 to 746
Dec. 13	747 to 778
Dec. 20	779 to 810
Dec. 27	811 to 840

A

AERODYNAMICS

Aerodynamics and civil engineering. Jack Delmonte l*217
Aerodynamics and civil engineer, pt. 2 vibration problem in tall stacks solved by aerodynamics *41
Pt. 3 drag co-efficients for structures studied in wind-tunnel model tests *456; wind-tunnel studies reveal pressure distribution on buildings. W. W. Pagon *814
Eddies in air flow. R. H. Sherlock.... l 309
For modernizing wind design. G. E. Howe ..... l 565

Airports:
Chicago plans for a central airport.... n122
Seaplane ramp at foot of Wall Street. n*253

American Association of Engineers:
New York Chapter disbands to join national group n836

American Assn. of Port Authorities:
New York meeting n415

American Assn. of State Highway Officials:
Urge 40-hr. week at Santa Fe meeting. n668

American City Planning Institute:
Housing and state planning discussed at Chicago n25

American Institute of Steel Construction:
Chicago convention n571

American Society for Testing Materials:
Atlantic City meeting reviews specifications and tests, pt. 1 18, pt. 2 51
William H. Bassett elected president.. n*26
Officers elected n544
Standard specifications in construction field 750

American Society of Civil Engineers:
Code of ethics e566; Conrad, Perry l 632; Gilkey ..... l 632
Columbia River discussed principally at Vancouver meeting 83
Texas Section meeting n607
Vancouver meeting n58

American Society of Municipal Engineers & International Assn. of Public Works Official:
Report of Rochester meeting 434
Set up joint secretariat at Chicago.... n443

American Standards Assn.:
Advisory Committee named..... n253

American Water Works Assn.:
Central States Section meeting..... n315

American Welding Society:
New York meeting reports on seat angle investigation n477

AQUEDUCTS

Colorado River:
Additional contracts awarded n637
Bids called for 110 miles of project. n312
Bids called for more tunnels n668
Bids on barrels of cement called for.. n636
Bids opened for 110 miles of aqueduct n511
Cement bids n736
Cement contract awarded n773
Contracts awarded for aqueduct..... n543
Cottonwood tunnel holed through.... n837
Engineers reassigned n640
Little Morongo siphon—Placing 40-ton concrete pipe in *526
Little Morongo siphon—Twelve foot precast pipe for. R. B. Ward..... *33
Parker Dam power *692
Pump testing program 552
Pumping at flooded shaft n189
RFC advances loan n441
Removable grade hubs for siphon invert *344
Southern California Metropolitan Water District announces tax levy. n350
Tunnels, driving 91 miles of. R. M. Merriman *97
Tunneling progress Jan. 1-Sept. 30, 1934 ..... n511
Tunneling record set n637
Tunnels may be constructed by relief labor n477
Hetch Hetchy water supply number. Aug. 2

Asphalt:
Tar and asphalt roadbuilding; interview with J. S. Crandell *658

B

Barden, W. J., retires n479
Bassett, W. H., dies n125
Beach, Jones—new causeway entrance. Sidney Shapiro *259

BEAMS

Beam with prestressed bars tested. W. K. Hatt *345
Checking moment computations for rigid frames. Niles, Vernier & Campbell *112; L. E. Grinter..... l 249
Concrete beam with prestressed bars tested. W. K. Hatt *345
Continuous beam analysis by direct distribution. Schulze & Rose..... *782
Continuous bent-bar unit used to replace stirrups. William Flesher..... *503

BONDS

Bids for RFC bonds a proof of municipal credit e282
Bids requested on bonds to be taken over from PWA n220
Iowa City to test validity of municipal power revenue bonds n192
June municipal bond sales n225
New York sells serial bonds at low rates. n122
Oklahoma votes bond issues for construction n638
PWA bond sold at premium by RFC.. n252
St. Louis county bonds. B. L. Brown.. l 633
St. Louis voters reject bonds for sewer project n440

BOOK REVIEWS

America's capacity to consume. Maurice Levens and others. 537
America's capacity to produce. E. G. Nourse and others 118
Applied hydraulics. Herbert Addison.. 831
Carnegie pocket companion 118
City government in the U. S. C. M. Kneier 830
City manager profession. Ridley & Nolting 118
Civil engineering handbook. L. C. Urquhard. 280
Coast erosion and protection. E. R. Matthews 280
Design of residential areas. Thomas Adams 664
Dynamics of earth and other macroscopin matter. J. H. Griffith 536
Engineering surveys. Harry Rubey.... 409
Evolving house. Bemis & Burchard.... 280
Hetch Hetchy. M. M. O'Shaughnessy... 536
Highway design and construction. A. G. Bruce 536
Highway engineering. J. H. Bateman... 118
Housing and slum clearance in London. Quigley & Goldie 664
Hydraulics. H. Addison; Schoder and Dawson; G. E. Russell 831
Model laws for planning cities, counties and states. E. M. Bassett and others 830
Notes on the history of ancient roads and their construction. R. J. Forbes 830
Power supply economics. Justin & Mervine 536
Public utility valuation for purposes of rate control. Bauer & Gold..... 830
Railways and roads in pioneer development overseas. J. E. Holmstrom.... 409
Slum clearance and rehousing 664
Steel structures research committee report 118
Structural framework. T. F. Nickerson 409
Surveying. R. E. Davis and others.... 409
Surveying: volume 2, higher surveying. Breed & Hosmer 409
Text book on hydraulics. G. E. Russell 831
Treatise on engineering business practice relative to the Detroit additional water-supply project. E. W. Frey 830
Water power engineering. H. K. Barrows 536
Water supply problems and developments. W. H. Maxwell 280

Breakwaters:
Conneaut Harbor building new breakwaters *402

BRICKS AND BRICKWORK

De-aired brick paving in Philadelphia... *396, e410
Lining a Texas irrigation canal with second hand bricks. W. I. Gilson.. *246
Mortars and their bonding efficiency. L. A. Palmer 202

BRIDGE CONSTRUCTION

Allegheny County Authority allotted PWA grant for bridges n25
Allegheny County to replace five old bridges n58
Bennington, N. H., replaces old bridge with granite-faced bridge and better road approach *212
Brookpark viaduct near Cleveland has internal air cooling of concrete in piers. Rabe & Overman *467
Chicoutimi, Que., bridge requires protection pier *1
Czechoslovakia builds welded bridge at Pilsen. Frantisek Faltus *593
Great Britain:
Waterloo Bridge demolition begun.. n*349
Waterloo Bridge in London to be torn down n225
Little Bay Bridge, N. H., built over tidal estuaries *387
Oregon viaduct of prefabricated timber. C. B. McCullough *429
Quincy, Mass., old swing span moved upstream for road detour *785
Reading Company builds a solid steel deck bridge over the Susquehanna.... *643, e666
San Francisco-Golden Gate:
Caisson for South pier not to be used. n*541
Pier fender nearly completed..... n*221
San Francisco-Oakland Bay Bridge:
Deep open caissons for bridge. Purcell, Andrew & Woodruff *227
Foundations finished n*570
Washington State—three steel highway bridges *519
Wichita, Kan., has continuous-girder viaduct. LaMotte Grover *483
York village, Maine, recreates first pile bridge in America. P. D. Orcutt.... *616
Zambesi rail bridge, Africa, being completed 725

BRIDGE DESIGN

Aluminum Co. builds small lift bridge of aluminum *560
Bending moments in bridge slabs. R. B. Moorman *82
Design for steel rigid frame bridge.... *799
Determining elevations for centering for an arch bridge. Charles Curry, Jr.... *344
Dover-Portsmouth new and old bridges. W. S. Wheeler ..... l 833
Future of long-span bridges as seen by British engineer 532
Indigenous bridges e282
Keokuk, Iowa, completes skew arch bridge with ribs and thin barrel.... *829
Oregon steel bridge awarded prize is of three hinged tied arch type *248
Remember the tourist! G. D. Houtman.. l 536
Rigid-frame pueblo style concrete bridge in Santa Fe, N. M. W. E. Strohm .. *534
Six designs for Canadian National Railways grade crossings *65
Skew arch and frame design. Eremin, Gifford ..... l 309
Steel bridge trends in Great Britain.. 795
Successful planning of bridge waterway openings. C. H. Eiffert *275
Timber and concrete construction contrasted. C. A. P. Turner..... l 801
Truss deflections. William Bertwell.. n*565

BRIDGE FLOORS

Grid floor e378
Open-grid bridge decking. W. E. Irving. l 437
Reading Company builds a solid steel deck bridge over the Susquehanna *666
Report on service performance of grid deck on University bridge, Seattle.... 376

Bridge renewals and repairs:
New York's East River bridges inspected for repair n254

BRIDGES

Allegheny County:
Five old bridges to be replaced..... n58

Arnold, Pa.:
Aluminum Co. builds small lift bridge of aluminum *560

Bonnet Carre:
Trestles making progress n713

Canada:
Chicoutimi, Que., bridge requires protection pier *1
Six designs for Canadian Railways grade crossing *65

Cape Cod Canal:
First of three new bridges erected at Bourne, Mass. n*607

Chicago:
Ashland Avenue bridge started n607

Czechoslovakia:
All-welded steel arch bridge at Pilsen, Frantisek Faltus *593

Eugene, Ind.:
Old wood bridge saved by metal crib wall. Chas. Ferguson *111

Grand Coulee:
Steel highway bridge *519

Holland:
Vibrated concrete placing for a Dutch bridge. H. A. M. C. Dibbits..... *298

Jones Beach:
New causeway entrance. Sidney Shapiro *259

Keokuk, Iowa:
Skew arch bridge with ribs and thin barrel 829

New Orleans:
Completing the last pier n*711
Lighting bid cancelled for disregard of code n807
Progress made on bridge n*23

New York City:
Triborough Bridge—setting tower...n*670
Triborough Bridge tower erected to roadway level n*287

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Omaha-Council Bluffs Bridge:
New bids taken n476
Oregon:
Steel prize bridge is of three hinged tied-arch type *248
Portsmouth, N. H.:
Little Bay Bridge over tidal estuaries.*387
New and old Dover-Portsmouth bridges. I. W. S. Wheeler 833
Puget Sound, Wash.:
Steel highway bridges *519
Raymond, Wash.:
Photo electric cell lines up swing bridge. O. R. Elwell *503
St. Lawrence River:
PWA allotment for bridge n254
St. Louis:
Municipal Bridge to be repaired ...n351
San Francisco Golden Gate:
Bridge pier fender nearly completed..n*221
Caisson for south pier abandoned..n*541
Fender for south pier unwatered....n*773
Foundation rock inspected after unwatering n737
From caisson to cofferdam e538
Ready for floating caisson n413
San Francisco-Oakland Bay Bridge:
Air view of bridge upon completion..*211
Bridge history made by advance of project e250
Construction ahead of schedule.... n91
Deep open caissons for bridge. Purcell, Andrew & Woodruff *227
Elevated rail loop terminal for bridge..n350
Foundations finished n*570
RFC loan for tracks n837
Santa Fe, N. M.:
Rigid-frame concrete bridge pueblo style. W. E. Strohm *534
Springfield, Ohio:
Timber from old covered bridge used again. E. J. Salsinger *40
Susquehanna River:
Reading Company builds solid steel deck bridge *643
Tacoma, Wash.:
Bridge project not to be financed by PWA n639
York Village, Maine:
First pile bridge in America recreated. P. D. Orcutt *616
Zambesi bridge, Africa:
Long rail bridge completed 725

BUILDING ACCIDENTS AND FAILURES

Coal-pocket collapse case dropped.....n191
Collapse of steel framing kills two erectors n804
Filtration plant roof collapse.....n125
Tacoma building collapses under load of groceries n*543

BUILDING CONSTRUCTION

Austin, Tex., to start large building program n711
Baltimore U. S. Appraiser's Stores building uses flat-slab floor. W. H. Wheeler *490
Beltsville, Md., project to be completed by readjustment of funds....n540, e538
Brewery stockhouse at San Antonio, Tex. H. M. Matthews *462
Building trades employment rising contrary to usual trend n772
Cost comparison of four university buildings constructed 1928-1934. F. J. Knox 295
Cost trends of buildings. Middleton, Knox .....l 833
Intake well and pump house foundation built like a box is launched like a ship. J. G. Ahlers *38
Long Beach school reconstruction program 406
Mortgage insurance program e506
Proposed new government building development in Washington, D. C.....n*155
Steel houses for company towns suggested n807
Thirty-six public building contracts awarded n713
Track construction within Pittsburgh post office and federal building isolated from building by cork blanket. P. E. Pape *611
Traveler removes old arch trusses of Chicago Station *793
Building construction. See also Monuments.
Building demolition:
Demolition in Chicago by consent of owner 81
Old house demolition e88
Traveler removes old arch trusses of Chicago station *793

BUILDING DESIGN

Checking moment computations for rigid frames. Niles, Vernier & Campbell *112: L. E. Grinter .....l 249
Concrete columns encased in steel shells proposed. W. S. Lohr *760
Earthquake and wind design. J. J. Creskoff *553
Joist anchors in masonry walls tested for earthquake resistance. Green & Horner *35
Mercury-steam-electric power plant at Schenectady shows new building design. D. A. Allee.....*585, e602
Pittsburgh post office and federal building. P. E. Pape *611
Wind tunnel studies reveal pressure distribution on buildings. W. W. Pagon.*814
Building laws and regulations:
California makes progress against earthquakes. N. A. Bowers 14
Chicago set-back law upheld n509
Building repairs and alterations:
Long Beach school reconstruction program 406
Los Angeles department store replaces exterior facing n*442

BUILDINGS

Baltimore, Md.:
U. S. Appraiser's Stores building uses flat-slab floor. W. H. Wheeler....*490
Brussels, Belgium:
Main building for 1935 World's Fair.n*415
Cumberland, Md.:
High school bids not received.....n736
Los Angeles:
Exterior facing of department store replaced n*442
Montreal, Can.:
Extension to customs warehouse contract awarded n736
Hand labor to be required for excavation n639
Postal terminal building bids.....n124
New York City:
Planetarium dome nears completion.n*774
Pittsburgh:
Post office and federal building. P. E. Pape *611
Poland:
All-welded tall apartment house. Stefan Bryla *524
San Antonio, Tex.:
Brewery stockhouse construction. H. M. Matthews *462
Schenectady:
Mercury-steam-electric power plant. D. A. Allee *585
Tatnell County, Ga.:
State prison bids n736
State prison bids called for n639
Texas college buildings' contract awarded.n806
Washington, D. C.:
Proposed new government building development n*155
Triangle soon to be departmental city.n*509
Burr, William Hubert—dies n808
Business recovery e567

C

Cableway:
Placing concrete on Ohio River locks with cableway system *515
Twin cableways place concrete at Norris Dam *747
Caissons:
San Francisco-Oakland Bay Bridge—has open deep caissons. Purcell, Andrew & Woodruff *227
Camera, huge precision, for copying maps. J. H. Hawley *461

CANALS

All-American canal *688
Excavation starts n220
Project started *488
Atlantic-Gulf canal project found uneconomical by PWA n476
Buffalo to appeal decision against improving end of canal n774
Cahokia Creek canal of St. Louis Sanitary District delayed for pump specifications n671
Loup River project described *469
Ohio River-Lake Erie connection to be studied n478
Union Canal tunnel in Pennsylvania restored for historic value.....*657
Welland Canal:
Lock operations controlled by electrical mechanism of rugged design. R. G. Lockett *291
Causeways. See Bridges.

CEMENT

Apparatus to determine heat of hydration of cement. William Lerch.....*523
Boulder Dam bulk cement pumped a mile *811
Boulder Dam cement and concrete studies. R. F. Blanks.....*648, e666
Effect of cement composition on mortars and concretes. H. F. Gonnerman... *651, e666
High silica cement used in Fort Monroe swimming pool. H. W. Cochran.....*733
New cement specification e57
Standard samples of cement at Washington 376

CHANNELS

Dredging of channels in the Southwest..n415
Houston ship channel work n125
Silt movement from Rotterdam to the sea. Geert Blaauw *623
Chicago:
Demolition in Chicago by consent of owner 81
Merging of all parks n312

CHIMNEYS

Mercury-steam-electric power plant at Schenectady has all-welded stacks. H. A. Allee *585
Smokestack foundation to resist earthquake. L. T. Evans *344
Vibration problem in tall stacks solved by aerodynamics. W. W. Pagon..... *41
Cities:
City managers meet at St. Louis.....n542
Civic mendicancy e634

CITY PLANNING

Detroit may have land-utilization legislation 359
Planning boards in existence in all but nine states n61
St. Louis conference of city planners..n569
Civil Works Administration:
Safety in construction demonstrated by PWA. Curtis Billings 426
Civilian Conservation Corps:
Work done valued at $236,000,000....n511
Coast erosion and protection:
Hampton Beach protected by seawall..*109

CODES

Bituminous Road Material Code approved n605
Cement Code Autority seeks reinstatement of marketing section n58
Cement hearing discussion on dealer sales (N) 92
Construction:
Adjustment Board has issued 32 decisions on "40-hr. maximum" provision n441
Adjustment Board states policy on 48-hr. work week n636
Administrative agencies named n154
Approval of divisional budget rushed.n284
Area agreement e218
Area agreement for mason contractors.n224
Assessments under code n508
Budget approved n59
Chapter approved over objections....n155
Code Authority acts to aid industry..n772
Code Authority meets in Chicago....n253
Code Authority to settle dispute in overlap n805
Code Authority urges separate divisions in NRA n510
Code officials confer with regional agencies n351
Compliance efforts are increased....n542
Construction Appeals Board announces rules for hearing complaints..... n22
Construction looks ahead in code government. Willard Chevalier..... 764
Continue the code! e802
Court continues injunction against violator n288
Divisional Authority meets in Chicago n313
Enforcement and development at Knoxville meeting n763, e770
Establishment of area or mutual agreements n606
Explanations of bidding practices approved n416
Explanations issued n255, n348
General Contractors Code:
Assessment doubling protested....n443
Authority acts to force contractors to pay assessments n413
Bid depository plan discussed at meeting n349
Bid depositories, plans for.....n383
Budget n124
Budget approved n59
Budget approved for Contractors' Code Authority n24
Building of house by owner under contractors' code n510
Code Authority completes administrative procedure n221
Code Authority presents data from questionnaire n806
Enforcement or suspension of code requested n669
NRA compliance plan to aid enforcement n737
Present form of code unsatisfactory 731, e734
Protest renewal of masonry code dues n670
Hearing to be held on overlapping code assessments n608
Highway contractors exempted from stone and gravel code n640
Hours and wages n836
House moving under Construction Code.n189
Injunction obtained against violator..n220
Interpretation of codes in federal construction. H. L. Jones..... 105
Knoxville meeting will discuss.....n710
Marble contracting division approved..n224
Modification of "15 pbr cent" order urged n381
More freedom to hire e666
Price fixing, Lumbermen request end..n804
Sixteen chapters of code approved..n124
Straw vote e708
Structural steel erection under construction code (N) 90
Third party e379
Wage schedule troubles e250
40-hr. week exemptions granted....n314
Engineers' code:
Institue and the code. G. W. Burpee.l 249
Opposed by Institute of Consulting Engineers n154
Opposition to placing engineers under NRA code e186
Mason Contractors' Code:
Files suit against contractor for code fee n570
Price cutting order a retreat from fair competition e283
Prics cutting on government work now permitted n24
Price deflation e20
Sewage Equipment Industry:
Hearings on codes n190
Structural steel code rejected by A.I. S.C. n122
Structural steel industry code granted stay n509

* Illustrated; a, abstracts; e, editorials; l, letter; n, news

Toward recovery e771
Water Supply Industry:
Hearing on code n190
Objections to code n222
Water Well Drilling Industry:
Hearing on code n190
Cofferdams:
First cofferdam crib for Bonneville Dam n*669
Colorado River:
Four upper basin states meet and agree on study of river use n61
Columbia River:
Vancouver meeting of Civil Engineers centers on Columbia River 83
Columns:
Concrete columns encased in steel shells proposed. W. S. Lohr *760
Moment of inertia of spirally reinforced concrete columns. E. T. Jensen.... *504

CONCRETE

Air cooling of concrete in piers in Brookpark viaduct near Cleveland. Rabe & Overman *467
Apparatus to determine heat of hydration of cement. William Lerch.... *523
Barge-mounted mixing plant required special design (Wheeler Dam). A. A. Levison *432
Boulder Dam Cement and concrete studies. R. F. Blanks..... *648, e666
Boulder Dam—placing concrete *71
Cableways place concrete at Norris Dam *747
Concrete construction plant for Norris Dam *301
Cooling Boulder Dam concrete. B. W. Steele *451
Cooling mass concrete e474
Cotton mats for curing concrete paving in Texas n125
Effect of cement composition on mortars and concretes. H. F. Gonnerman.. *651, e666
Evaluating compressive strength of concrete cured at 50 deg. F. A. G. Timms *304
Fines in concrete. I. F. Morrison.... l 535
Floating mixing plants e438
Floating mixing plants for Wheeler Dam concrete. L. H. Huntley..... *431
Hose-type form for circular openings in concrete *354
Norris Dam concrete plant *726
Slump and honeycomb in paving concrete. F. H. Jackson *74
Tests indicate effect of fine clay in concrete. Inge Lyse *233
Vibrated concrete placing for a Dutch bridge. H. A. M. C. Dibbits..... *298
Concrete aggregates:
Quality of concrete as affected by length of mixing time 729
Connecticut Society of Professional Engineers:
Organized n313

CONSTRUCTION

Are safety inspectors required?..... e475
Bacon-Davis Act suspension is revoked by president n153
Business side of construction..28, 158, 318, 446, 574, 742
Construction in the West....*72, pt. 2 147
Construction League urges modifications in PWA n412
Cost comparison of four university buildings constructed 1928-1934. F. J. Knox 295
Current record of construction e218
CWA offers points on accident prevention. Curtis Billings 426
E.N.-R., cost index compared with that of Turner Construction Co. H. H. Fox.. *70
Electricity for construction operations. J. A. Jackson *270
The government and construction..... e770
Management of hauling in construction. J. L. Harrison 373
Maryland expenditures on construction and maintenance 522
Pacific Coast engineering progress.... n350
Price deflation e20
Private construction to be studied by committee n443
Russian five-year plan e187
Russia's accomplishments in construction under the five-year plan. Zara Witkin. pt. 1 economic and technical obstacles 177; pt. 2 relatively small construction volume achieved 207; pt. 3 rationalization program for future construction 272
Stability and initiative e346
Study of construction wage problems to be made in Southern States..... n152
Testing designs in the field..... e56
Time-production studies on small highway bridges. D. V. Purinton 492
Worker unrest in construction e151

CONSTRUCTION EQUIPMENT

Bin-level indicator *445
Bucket-motor-driven *514
Concrete mixer *778
Demolition tool, a portable gasoline hammer *610
Device for measuring length of pavement cores. F. V. Reagel *798
Drill rig *674
Dump truck stability increased by dolley at rear end *799
Electric arc saw *445
Filter, horizontal belt, for sludge dewatering *610
Gyratory screen *642
Heating kettle for road materials..... *354
Highway construction equipment..... *592
Machine records vibration components. *514
Portable generator to operate floodlights. *418
Price cutting on government work now permitted ..... n 24
Proportional feeder for chemicals operates by pilot tube *418
Road finisher with surface vibrator.. *573
Road finishing machine *317
Road roller *741
Road roller with auxiliary roll *573
Rock drill dust collectors 445
Suction hose reinforced with cord and wire *778
Trailer for moving Boulder Dam penstock pipe *47
Tunnel invert smoothed by vibrated screed *503
Vibrating screed board for concrete paving *258
Vibrator for concrete *674
Well point, self jetting *610
Wheelbarrow tray on handtruck to scoop cement *800
Construction League of the U. S.:
Knoxville meeting outlines new program. 791, e802
Names new Recovery Committee..... n284

CONSTRUCTION MATERIALS

A.S.T.M. reviews specifications and tests of materials at Atlantic City meeting. pt. 1 18; pt. 2 51
A.S.T.M. standard specifications in construction field 750
Creosoted lumber for houses 428
Current prices..30, 160, 320, 448, 576, 744
Lumber prices cut e20
Lumber prices reduced n24
Mortars and their bonding efficiency. L. A. Palmer 202
Proposed coordination of sizes of manufactured building materials 398
Steel and concrete slab for bridge roadways *514
Timber from old covered bridge used again. E. J. Salsinger *40

CONTRACTORS

Advice for contractors entering government work. H. L. Jones. pt. 1 compliance not voided by bidding errors 559; pt. 2 law and the contract are supreme arbiters 600; pt. 3 responsibility for unforeseen conditions 622; pt. 4 unforeseeable causes of delay 646; pt. 5 terms of payment hold strictly to law 719; pt. 6 power of seizure is great after default 751
Advising government contractors..... e603
Claims for damages for rise of costs during war won by contractor for Richards Corner Dam n712
Contract abandoned for Reading tunnel job n314
Freedom to hire e310
National Construction Board states new policy on 48-hr. work week..... n636
New York Contractors act to forestall wage increases or reduced working hours n636
New York State highway contractors request investigation of insurance office (N) 92
Partial payments in government contracts. H. C. Long..... l 769

DAMS

Alcova Dam:
Irrigation and power on the North Platte River *698
Apple Grove, W. Va., Dam approved.. n348
Bonneville Dam:
Columbia River project reviewed.... *547
First cofferdam crib n*669
Power, navigation and irrigation on the Columbia *678
Price of hurry e602
Ship lock authorized n284
Ship lock instead of barge lock recommended n256
Site of 27 ft. lock n*313
Boulder Dam:
Analysis of the dam spillways made by Swiss laboratory. Meyer-Peter & Favre *520
Anchorbolt assembly placed without use of templet *502
Boulder Canyon project *686
Bulk cement rammed a mile..... *811
Chronology of Boulder Dam 686
Concrete form bracing *800
Concrete-placing details at the dam.. *71
Cooling mass concrete e474
Cooling the dam concrete. B. W. Steele *451
Double-decker buses to transport workmen *800
Form bracing *800
Penstock pipes moving into place...n*153
Penstock, welding and x-raying the.. *628, e634
Power contracts, California cities request change n442
Research on cement and concrete. R. F. Blanks *648, e666
Six states of Colorado Basin hold conference n440
Storage for Arizona to be argued.... n773
Trailer for moving penstock pipe.... *47
View of construction activity..... *307
Cutoff wall to intercept underflow of Dry River and add to water supply at Harrisonburg, Va. A. B. McDaniel.. *757
Earthfill:
Winooski, Vt., flood control dams.... *266
Fort Peck Dam:
An aid to navigation on the Missouri River *693
Bids for spillway n440, n636
Cement bidders n540
Civil Engineers discuss at Vancouver meeting 85
Identical cement bids received..... n23
Irrigation from the dam. R. C. Moore. l 308
Part of spillway work awarded..... n571
Pile trestle to reach work (N)..... *92
Planning by fiat e219
Grand Coulee Dam:
Columbia River development discussed by Northwest Regional Conference. n837
Complete unit prices *481
Construction contract approved..... n412
Construction preliminaries advance.. n606
Contract award speeds project..... n154
Contractors complete organization.... n508
Overpour hazard at dam. K. T. Roberts ..... l 308
Power, navigation and irrigation on the Columbia *678
Preliminary work continues on project. n739
Railroad to dam ready Dec. 1..... n710
Sheet steel piling bids identical..... n737
Sponsors urge high dam n543
Hamilton Dam:
PWA allotment made to complete dam n60
Hume Dam, Murray River, Australia:
Completed for regulation 813
Lower Otay Dam:
Name changes to Savage Dam..... n122
Mettur Dam, India:
Completion of dam on the Cauvery River *405
Mississippi River:
Dam No. 6 construction prices (unit prices) 810
Dam No. 6: contract awarded n508
Morris Dam:
Concrete gravity dam for faulted mountainous area. Morris & Pearce. *823
Muskingum District:
Bids received for first dam n668
Court approves plan for district..... n713
Dams to be started. T. T. Knappen. *563
Reports on dam sites n123
New River Dam, W. Va.:
Federal suit answered by defendants. n478
Nine dams now under construction by the federal government e*675
Norris Dam:
Barge lift. G. B. Pillsbury..... l 308
Concrete materials handling *301
Concrete production plant *726
Design modified to meet new requirements *44
The TVA development *703
Twin cableways place concrete..... *747
Ontelaunee Dam:
Reading's new water supply system.. *323
Parker Dam:
Arizona declares truce in "war".... n*637
Bids for construction n152
Construction contract awarded..... n286
Construction to start this summer..... n59
Construction work started n476
Metropolitan Water District of Southern California building dam..... *692
Pickwick Dam:
TVA authorizes construction..... n710
Pine View Dam:
Contract awarded n382
Quabbin Dam:
Hydraulic fill bids asked n571
Red Bluff Dam, Pecos, Tex.:
Work started n604
Richards Corner Dam:
Contractor wins damages for rise of costs during war n712
San Gabriel:
Changes suggested in rockfill dam.. e506
Temporary suspension of work asked. n541
San Gabriel No. 1:
Avoid another false start e666
Changes recommended in reports..... n510
Work halted n668
San Gabriel No. 2:
Engineers to study stability of dam.. n22
San Juan River:
Money appropriated for dam n479
Savage River Dam:
Storage dam recommended to control upper Potomac *360
Seminoe Dam:
Irrigation and power on the North Platte river *698
Slice models to study dam stresses and strains. J. L. Savage *720

Small dams as feature of Ohio relief work n476
Taylor Park Dam:
Bids called for n711
Tygart River Dam:
Bids to open Oct. 16 ..... n380
Construction prices (unit prices) ... 810
Proposed dam for Pittsburgh flood control *48
Wheeler Dam:
Excavating for the power house ... n*285
Floating mixing plants for dam concrete. L. H. Huntley *431
Third cofferdam started n543
The TVA development *703
Denver:
Water board authorizes pay increases .. n510
Detroit:
City applies for PWA loans for sewage plant, incinerator, water repairs, lighting improvements n60
Docks. See Wharves and docks.

DRAINAGE

Centrifugal pumps on English drainage works. E. E. R. Tratman *399; correction 533
Draining road cuts e120
Fort Monroe, Va., seawall being built with special trench drainage system. *163
